OBJECTIVES

Enthusiastic MCA student seeking an entry-level role to apply classroom knowledge, gain practical experience and contribute to the organizations success. Eager to learn, adapt, and grow in a dynamic professional environment.

PROJECTS

Placement Management System

Developed a dynamic and fully responsive web application using MySQL, Bootstrap and PHP. Streamlining the recruitment process. Implemented features for job posting, applicant tracking and interview scheduling. Improved efficiency and organization in managing campus drives in colleges.

Personal Portfolio website

Created and hosted a responsive personal portfolio website in GitHub pages highlighting my skills, projects and qualifications. Designed an attractive interface using HTML, Bootstrap and JavaScript to showcase my skills, qualifications, projects etc.
